NEEDS ASSESSMENT

The mission of the Education and Training team for Starkey Hearing Technologies is to Empower Through Education. Key stakeholders were interviewed to determine the goals and outcomes for training. It was determined that as technology continues to advance, the gap between the components of hearing aid fitting, practice management and patient counseling continues to widen. To initiate change toward protocols that effectively engage all three components, training was required. Training formats will include lecture, hands-on, discussion and product demonstrations.

COURSE DESCRIPTION

Attendees learned to meet patient needs, hearing practices must allocate resources, whether financial or human, to offer improved protocols that ensure patient satisfaction. This course provided tools to gather, interpret and utilize data to help counsel toward better solutions for your patients.

LEARNING OUTCOMES

1. The participant will be able to list three resources available for making appropriate recommendations for patients.
2. The participant will be able to implement at least one innovative strategy to increase patient satisfaction.
3. The participant will be able to list two strategies to continuously improve the service delivery process for patients.
4. The participant will be able to describe how to develop a process to manage change for lasting improvements that increases patient satisfaction.
5. The participant will be able to list two characteristics about the state of hearing healthcare around the world.
6. The participant will be able to list two insights on how to counsel patients on moving past their hearing loss toward a renewed passion for life.
7. The participant will be able to list two benefits of directionality and wireless technologies
8. The participant will be able to list two online tools available to enhance the patient journey
9. The participant will be able to identify three key questions to ask to pinpoint the cause of the patient report
10. The participant will be able to ask questions to determine the reason behind a pat

Relevant Non-Financial: Supporter of the Starkey Hearing Foundation

Rob Zimmer B.A. Rob_zimmer@starkey.com

Rob, a Senior Government Services Account Executive, has been working at Starkey for over 7 years. He is responsible for the account management of all VA Medical Centers, Indian Health Centers and Military Medical Facilities in the Northwest US. The thing he likes most about his job is the opportunity to help hearing professionals who give the gift of better hearing to our service members. Zimmer holds a bachelor's degree in Communications from St. Cloud State University.

Relevant Financial: Senior Government Account Executive for Starkey Hearing Technologies
Relevant Non-Financial: Supporter of the Starkey Hearing Foundation

CEU BOARD ACCREDITATION INFORMATION

This course has been pre-registered to the following national CEU boards.

Board

Hours | CEUs

ASHA

Starkey Hearing Technologies is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. **See course information for number of ASHA CEUs, instructional level and content area.** ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for 1.2 ASHA CEUs (Intermediate Level, Professional Area)

I.H.S.

This program is approved by the International Hearing Society and its educational committee, the International Institute for Hearing Instruments Studies.

AAA

Starkey Hearing Technologies is approved by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 1.2 CEUs. Academy approval of this continuing education activity does not imply endorsement of course content, specific products, or clinical procedures. Any views that are presented are those of the presenter/CE Provider and not necessarily of the American Academy of Audiology.

California Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board

This course meets the qualifications for 12 hours of continuing professional development credit (CDP) as required by the Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board of California. Continuing Education Hours for California: Continuing Professional Development (CPD) for dispensing audiologists and hearing aid dispensers.

Kansas Department of Health and Environment

Kansas Department of Health and Environment: Approved for 12 continuing education clock hours for Kansas licensed Audiologists by the Kansas Department of Health and Environment. Long-Term Sponsorship number LTS-1224.

In addition, this course has been pre-registered to Arkansas, Arizona, Florida, Louisiana, New York, North Carolina, Oklahoma, South Carolina and Texas.

All other states accept the pre-registration from one or more of the national boards.

STARKEY HEARING TECHNOLOGIES CE POLICIES

Attendance Policy

Documentation of attendance will only be accepted prior to leaving the course offering. No Participant Attendance Forms will be accepted from the participant via US mail, email or FAX. Letter of Attendance cannot be provided retroactively. Letters of Attendance will only be distributed to participants who have completed the Participant Attendance Forms prior to leaving the course offering.

Participants will only be reported to the national and/or state boards indicated on the Participant Attendance Forms. The CE Department of Starkey Hearing Technologies will complete roster corrections only in the event of clerical error. If the Participant Attendance Form does not indicate a national or state board, Starkey Hearing Technologies is not responsible for associated fees related to roster corrections resulting from incomplete Participant Attendance Forms.

Refund Policy due to Event Cancellation or Date Change

Starkey Hearing Technologies (SHT) reserves the right to cancel an event due to low enrollment, weather or other circumstances that would make the event non-viable. If SHT cancels an event, registrants will have the option to either receive a full refund or transfer registration to the same event at the new, future date. Refunds will be issued in the same form as which the payment was made. Please allow two weeks for processing.

Refund Policy due to Participant Cancellation

All cancellations must be received at least 24 business hours before the start of the event to receive a full refund. Cancellations must be received in writing. Registrants who cancel will not receive conference materials. Refunds will be issued in the same form as which the payment was made. Please allow two weeks for processing.

Resolution of Complaints Policy

Whenever a course participant has a complaint about a course or instructor, the participant must contact the Senior Director of Education and Audiology within 15 days of the course end date.

Transparency in Course Planning, Delivery and Marketing

Starkey Hearing Technologies discloses that there will be limited or no information provided about similar products or services during the course listed in this document. Speaker disclosures are included in the Speaker Biographies section.
