

General Course Information

Course Title	Made For Life Workshop
Course Dates	01/08/2016 – 01/09/2016 (Varied Dates)
Course Location	Eden Prairie, MN (Varied Locations)
Course Hours	4 Hours 0.4 CEUs 4 CEUs

Item 1: Needs Assessment

Continuous advancements in hearing aid technology require continuous education to adequately prepare for fitting hearing aids to patients with hearing loss. In addition, access to product information via the Internet has changed our patient's expectations with professionals and products. We interviewed existing and potential customers and determined that an educational program offering lecture, hands-on, demonstrations and an expo hall was essential for successful hearing aid fittings and patient management.

Item 2: Course Description

Attendees learned that the future introduced smarter technologies that provide opportunities for personalizing each patient's fitting parameters to meet their listening needs. This course reviewed fitting and counseling tools that increase the potential in providing a successful patient journey.

Additional Course Information

Subject Code:	5030: Hearing Assistive Technology
Content Code:	P: Professional
Instructional Level:	2: Intermediate
Program Focus	Knowledge-information: delivered primarily in a lecture/presentation format
Partial Credit	Yes
Course Type:	Live Event, Asynchronous

The purpose of this activity is to provide audiology professional development. Each session will be led by an instructor and/or discussion leader and will focus on pre-determined goals and objectives. A course evaluation and quiz will be administered to each attendee to evaluate progress. Feedback is provided during hands-on and discussion activities.

Facility tours and exhibit activities are not included in the calculation for the total CEUs offered. This course offering does not offer academic credits and does not serve to prepare the participant for state licensure exams.

Item 3: Learning Outcomes

1. The attendee will be able to identify at least three innovative technologies that set new standards of performance and personalization.
2. The attendee will be able to list three adaptive strategies and tools to assist in the fitting and troubleshooting sessions.
3. The attendee will be able to list at least two wireless features that keep your patients connected to their environments.
4. The attendee will be able to list the elements of an effective product demonstration.

Item 4: Instructional Personnel and Financial and Non-financial Disclosures

Kyle Acker	Kyle Acker, Au.D. is an audiologist and Director of Regional Sales for the Southeast. Dr. Acker completed his B.S. in industrial hygiene and his M.S. and Au.D. at Purdue University in West Lafayette, IN. He began his clinical career at The American Institute of Balance in Largo, FL before joining the Starkey Hearing Technologies team as a regional trainer. His clinical interests include amplification and counseling techniques, utilizing technology in the hearing aid delivery process and innovating education and training techniques to improve clinician understanding of new technology. Dr. Acker is a passionate supporter of the Starkey Hearing Foundation.
Financial Disclosure	Director of Regional Sales, Starkey Hearing Technologies
Non-Financial Disclosure	Supporter of the Starkey Hearing Foundation
Heather Adamson	Heather Adamson is an Inside Territory Sales Representative for Starkey Hearing Technologies. Heather joined the Starkey team in the Consumer Relations department in November 2012. In January 2014, she moved into her current inside sales role covering Oregon, Southern Washington and Northern California. Prior to Starkey, Heather received her Bachelor's degree in Speech and Hearing Sciences from Arizona State University and worked in the field for 18 months providing home-based pediatric speech therapy and early intervention services.

Belinda Gonzales

Belinda Gonzales has been in the hearing industry for 10 years. She is a mom of 3 and a grandmother of 4 that discovered her talents and passions while striving to be the best wife, mother and grandmother possible. She believes that we are each put on this earth to help one another and so when asked to enter the hearing industry she saw it as an avenue to do just that. Belinda opened her own business, NuSound Hearing Center, in 2012, knowing that it would be one that would set the standard in the hearing industry. NuSound Hearing Center is not just a job for Belinda; it is a ministry. Every person that walks through the door of NuSound, leaves knowing that their provider cared for them. Each patient becomes part of the NuSound family.

All other states accept the pre-registration from one or more of the national boards.

Item 7: Assessment of Learning Outcomes

1. The attendee will be able to identify at least three innovative technologies that set new standards of performance and personalization.
2. The attendee will be able to list three adaptive strategies and tools to assist in the fitting and troubleshooting sessions.
3. The attendee will be able to list at least two wireless features that keep your patients connected.
4. The attendee will be able to list the elements of an effective product demonstration.

Item 8: Continuing Education Program Evaluation

When name badge scanners are not used, participants are provided a course evaluation to provide feedback related to the course. The course evaluation should be returned prior to leaving the course.

When name badge scanners are used, Starkey Hearing Technologies contracts with Convention Strategy Group to complete the course evaluation electronically. An email with a link to the session evaluation will be distributed to participants in that session. Each session will have a combination of a 1 – 5 rubric and open-ended questions to elicit feedback on obtained knowledge and for improvement.

Sample Course Evaluation:

We value your input and want to improve our Workshop to better meet your needs. Please share your impressions and comments below about this course. Session Title, Code, Time and Instructor will automatically be populated in the survey.

Please answer the following questions using the provided rubric.

1: Strongly Disagree 2: Disagree 3: Neutral 4: Agree 5: Strongly Agree

<i>The information was useful and relevant to my practice</i>	<i>1</i>	<i>2</i>	<i>3</i>	<i>4</i>	<i>5</i>
<i>The instructor used the time wisely</i>	<i>1</i>	<i>2</i>	<i>3</i>	<i>4</i>	<i>5</i>
<i>The materials enhanced the instruction</i>	<i>1</i>	<i>2</i>	<i>3</i>	<i>4</i>	<i>5</i>

Please answer the following questions.

My key learning from this session was: (open field for response)

What I will implement in my practice upon return is: (open field for response)

What I wish I had received from this program was: (open field for response)

Do you believe this session will have an immediate impact on you as a professional? (open field for response)

Item 9: Instructional Personnel Disclosure

Please refer to Item 3: Instructional Personnel with Relevant Financial and Non-financial Information.

Instructional Personnel information is also posted to www.starkeypro.com

Item 10: Requirements for Satisfactory Completion: Attendance Verification

Starkey Hearing Technologies utilizes printed attendance documentation for classes of less than 600 hundred attendees. The Attendance Documentation includes attendance verification, CEU contact and licensure confirmation and the course evaluation and quiz.

For classes with more than 600 attendees, Starkey Hearing Technologies contracts with Convention Strategy Group. Convention Strategy Group submits a report of attendance data obtained via name badge scanners within two weeks of the course end date. Starkey Hearing Technologies reports attendance to all approved boards within 30 days of course end date. Letter of attendance will be sent to participants within 6 weeks of course end date. Participants will be sent a course evaluation and quiz to the email used to register for the course. The course evaluation and quiz must be submitted within 7 days of the course end date.

For board(s) that require a quiz, completion of the quiz is a required component for satisfactory completion of this course.

When name badge scanners are used, participants will only be reported to the national/state boards for the number of hours scanned via the name badge. No corrections will be made to the number of hours reported due to negligence of wearing the name badge on the part of the participant.

Participants will only be reported to the national and/or state boards indicated on the Participant Attendance Form. The CE Department of Starkey Hearing Technologies will complete roster corrections only in the event of clerical error. If the Participant Attendance Form does not indicate a national or state board, Starkey Hearing Technologies is not responsible for associated fees related to roster corrections resulting from incomplete Participant Attendance Forms.

Item 11: Cooperative Offering Disclosure

This course is not a cooperative offering.

Item 12: CE Administrator's Verification

As the CE Administrator for Starkey Hearing Technologies, I verify that all information submitted with this Activity Registration Form is correct and complete and meets the criteria set forth by national and state boards.

Starkey Hearing Technologies CE Policies

Attendance Policy

Documentation of attendance will only be accepted prior to leaving the course offering. No Participant Attendance Forms will be accepted from the participant via US mail, email or FAX. Letter of Attendance cannot be provided retroactively. Letters of Attendance will only be distributed to participants who have completed the Participant Attendance Forms prior to leaving the course offering.

When name badge scanners are used, Starkey Hearing Technologies contracts with Convention Strategy Group to electronically track attendance using bar-coded name badges and scanner technology. Attendance documentation is submitted by Convention Strategy Group within two weeks of the course end date. Starkey Hearing Technologies reports attendance to all approved boards within 30 days of course end date. Letter of attendance will be sent to participants within 6 weeks of course end date. Participants will be sent a course evaluation and quiz to the email used to register for the course.

When name badge scanners are used, participants will only be reported to the national/state boards for the number of hours scanned via the name badge. No corrections will be made to the number of hours reported due to negligence of wearing the name badge on the part of the participant.

For board(s) which require a quiz, completion of the quiz is a required component for satisfactory completion of the course.

Participants will only be reported to the national and/or state boards indicated on the Participant Attendance Form. The CE Department of Starkey Hearing Technologies will complete roster corrections only in the event of clerical error. If the Participant Attendance Form does not indicate a national or state board, Starkey Hearing Technologies is not responsible for associated fees related to roster corrections resulting from incomplete Participant Attendance Forms.

Refund Policy due to Event Cancellation or Date Change

Starkey Hearing Technologies (SHT) reserves the right to cancel an event due to low enrollment, weather or other circumstances that would make the event non-viable. If SHT cancels an event, registrants will have the option to either receive a full refund or transfer registration to the same event at the new, future date. Refunds will be issued in the same form as which the payment was made. Please allow two weeks for processing.

Refund Policy due to Participant Cancellation

All cancellations must be received at least 24 business hours before the start of the event to receive a full refund. Cancellations must be received in writing. Registrants who cancel will not receive Workshop materials. Refunds will be issued in the same form as which the payment was made. Please allow two weeks for processing.

Resolution of Complaints Policy

Whenever a course participant has a complaint about a course or instructor, the participant must contact the Senior Director of Education and Audiology within 15 days of the course end date.

Transparency in Course Planning, Delivery and Marketing

Starkey Hearing Technologies discloses that there will be limited or no information provided about similar products or services during the course listed in this document. Speaker disclosures are included in the Speaker Biographies section.
