IPAD® CONTROL

Whether you are hooked on iPads or just looking for a superbly portable solution, you can download the Inventis Maestro app from Apple®'s App Store®. The Aero option lets you control Piccolo directly from your iPad® over a Bluetooth connection (New iPad® required). The Maestro app features a complete patient database, allows you to print professional reports and export data to Noah and Daisy.

COMPUTER CONTROL

Connect Piccolo to the USB port of your computer and you are ready to go. There is no need to install a driver or even plug in a power supply. You can control Piccolo through the Maestro module's amazingly user-friendly interface, available for Daisy and Noah software.

Piccolo is developed by:

Piccolo

Piccolo is a portable diagnostic audiometer, offering air, bone and speech audiometry functions. Piccolo can be controlled either from a computer running Windows or, for the first time ever, from an iPad® over a Bluetooth wireless connection. A lightweight, compact design, powerful, user-friendly software, and Noah connectivity combine to make Piccolo the ideal choice for professionals on the move.

THE MODELS

To best fit different needs, Piccolo is available in three versions:

- Basic: pure tone audiometry - only AC
- Plus: pure tone audiometry - AC and BC
- Speech: pure tone and speech audiometry - AC and BC

INCREDIBLY PORTABLE

Piccolo is extremely light (less than 300 grams), boasts a very small footprint, and does not even need a power supply. It is therefore the perfect solution for anybody seeking a top quality portable audiometer.
